

Day 1 - 21st September 2010

	Introduction and General Issues
08:00	Welcome speech
08:20	Injured child in emergency department
08:40	Epidemiology of children's fractures
09:00	Patho-physiology of a pediatric fracture: Types, growth and remodelling
09:20	Diagnosis of a pediatric fracture: X-ray, CT, MRI
09:40	AO Classification children's long bone fractures
10:00	Coffee Break
	Immobilization and fixation
10:20	Conservative treatment of Children's fractures
10:40	Surgical treatment of children's fractures
11:00	Principles of ESIN
	Femur Fracture
11:20	Proximal femur fractures
11:40	Diaphyseal femur fractures: Pavlik harness, traction, hip spica
12:00	Diaphyseal femur fractures: Surgical treatment – ESIN
12:20	Diaphyseal femur fractures: Surgical treatment – Plating, IMN
12:40	Lunch
1:30	Small group discussion
2:30	Elastic Nail Workshop / Proximal femur LCP workshop
3:30	Coffee Break
4:00	Proximal femur LCP workshop / Elastic Nail workshop
5:00	End of day one

Day 3 - 23rd September 2010

	Knee Fractures
08:00	Supracondylar Femoral fractures
08:20	Fractures of Tibial spine, and Tibila Tuberosity
	Tibia Fractures
08:40	Diaphyseal Tibia fractures – casting
09:00	Diaphyseal Tibial fractures – ESIN
09:20	Diaphyseal Tibial fractures – Plating
09:40	Coffee Break
	Ankle fractures
10:00	Tillaux fracture
10:20	Triplane fracture Ankle
10:40	Ankle fracture
	General Topics
11:00	Physcal injuries, diagnosis and treatment

Day 2 - 22nd September 2010

	Elbow fracture
08:00	Supracondylar fractures: why important, diagnosis and Types
08:20	Supracondylar fractures: Blount's method
08:40	Supracondylar fractures: Traction
09:00	Supracondylar fractures: Percutaneous pinning - crossed / lateral K-wires
09:20	Supracondylar fractures: Open reduction – indications and approaches
09:40	Supracondylar fractures: ESIN
10:00	Supracondylar fractures: Radial External Fixator
10:20	Coffee Break
	Forearm and distal radius fracture
10:40	Forearm Fractures
11:00	Fracture Dislocations of Forearm: Monteggia, Geleazzi, Essex Leproxoy
11:20	Fracture of Distal Radius
	Pathological fractures
11:40	Osteopetrosis
12:00	Osteogenesis Imperfecta
12:20	Group Photo
12:40	Lunch
1:30	Small group discussion
2:30	Elbow fracture workshop / Forearm fracture workshop
3:45	Coffee Break
4:15	Forearm fracture workshop / Elbow fracture workshop
5:30	End of day Two

11:20	Post physcal deformities, diagnosis and treatment
11:40	Non-accidental injuries in children
12:00	Is there a place for plating?
12:20	Role of external fixator in the surgical treatment
12:40	Lunch
1:30	Triplane fracture workshop / Small group discussions
2:30	Coffee break
3:00	Small group discussions / Triplane fracture workshop
4:00	End remarks / Evaluation
4:30	End of course

First Announcement

AOTrauma Course : Pediatric Fracture AOTAP, Malaysia 21-23 September, 2010
